

NO DETAILS OF BATTLE RECEIVED

Messages Say Insurgents Were Caught by an Ambush

FIFTEEN WERE KILLED

Rebel Commanders Have Joined Forces, and Everything is in Readiness for a Battle.

Washington, Feb. 9.—Unless the Mexican revolutionists capture Juarez within a few hours, General Edwards says they must abandon their position, as they have no means of sustenance. His telegram today says normal conditions prevail at Juarez.

San Diego, Cal., Feb. 9.—No further details have been received here today of yesterday's battle in the Pichacho canyon between the Mexican insurgents and 15 Diaz soldiers under command of Captain Gonzalez.

According to the brief messages received here, the loyal troops ambushed the insurgents in the defile, and, hidden behind rocks, poured a deadly fire into them, killing 15. The remainder fled precipitately, leaving behind their dead and more than 25,000 rounds of ammunition.

The loss of this ammunition will prove a severe blow to the insurgents. It is believed here that the revolutionists were engaged in smuggling the ammunition over the border from the United States and that Captain Gonzalez's forces were a part of those that have been detailed to prevent, as far as possible, the further smuggling of munitions of war across the frontier.

INSURGENTS JOIN FORCES.

El Paso, Feb. 9.—General Orozco's forces were today joined by Gen. Alamo's command. The rebel lines about the city are being drawn closer, but there is no sign of an attack. Military experts here think that Orozco may be waiting to fight Navarro on the plains outside. General Baco's 400 rebels are now lost to human ken. Large numbers of men are daily joining the insurgent forces, crossing from the American side despite the vigilance of the pickets. The rebel horses have all been watered, the motion picture men are said to be ready, and no one knows why Orozco waits unless he knows himself.

MORMONS MAY BE IMPRESSED INTO SERVICE.

Salt Lake, Utah, Feb. 9.—Mormon colonists in Mexico are in danger of being forced to fight under the Diaz banner in the present rebellion. Elder Ivins has returned here from a visit to the colonists and says that while the rebels are friendly and just the government is trying hard to compel the Mormons' support. Ivins claims they will claim immunity on the grounds of U. S. citizenship. He says the rebellion is more real than the average American believes.

READY RESPONSE TO AID CHINESE

Washington, Feb. 9.—Ready and prompt response is being made everywhere to the Red Cross appeal for aid for the Chinese. Pacific coast business men lead in the advance.

OLD RULES WIDOW DIRECTS CREMATION

Bridford, Mo., Feb. 9.—Directions that her body be cremated and the ashes strewn over the grave of her husband, who is buried in Bergen, Norway, are contained in the will of Mrs. Sarah C. Bull, widow of O. B. Bull, the violinist. Mrs. Bull died in Cambridge, Mass., Jan. 18. An estate valued at upwards of \$50,000 is disposed of in the will.

IT IS A DUTY FOR ALL WOMEN TO GET BEAUTY

Wellesley, Mass., Feb. 9.—To become beautiful is as much a duty as to acquire a cultured intellect, according to the College News, official publication of the young women students of Wellesley College. "Isn't it rather a pity that so many of us do not realize the duty of being beautiful?" says the paper editorially today. "We never consider that our bodies are the expression of our souls—that a truly noble woman will have a truly noble carriage, and that thoroughbred efficiency is indicated in the same way. It is not to the same degree, by well-mastered poise as that elusive something called 'executive ability.' "It is the ideals we have for our college that should make us spend an extra five minutes in the morning putting in collar pins and hair pins."

TRUST BUSTER IS AFTER SENATORSHIP

William S. Kenyon, Assistant Attorney General William S. Kenyon, of Iowa, is the active head of the trust-busting department of the government. He is in the race for United States Senator to succeed Lafe Young.

FIVE WOMEN ARE DROWNED

When Street Car Plunged Through Open Draw Into River—Crew Jumped to Safety.

Shelbygan, Wis., Feb. 9.—Five persons were killed today when a street car plunged through an open draw into the Shelbygan river. The crew jumped to safety, but the five women passengers were drowned.

KAISER'S DOCTORS ADVISE A CRUISE

Berlin, Feb. 9.—It was unofficially stated today that the Kaiser will soon start on a Mediterranean cruise on the advice of his physicians. The Kaiser is said to have a slight cold, but there is a general feeling that the official announcement understates the gravity of his condition.

MURDER AND SUICIDE COMMITTED BY FATHER WHO ASKED LITTLE SON FOR SHELTER.

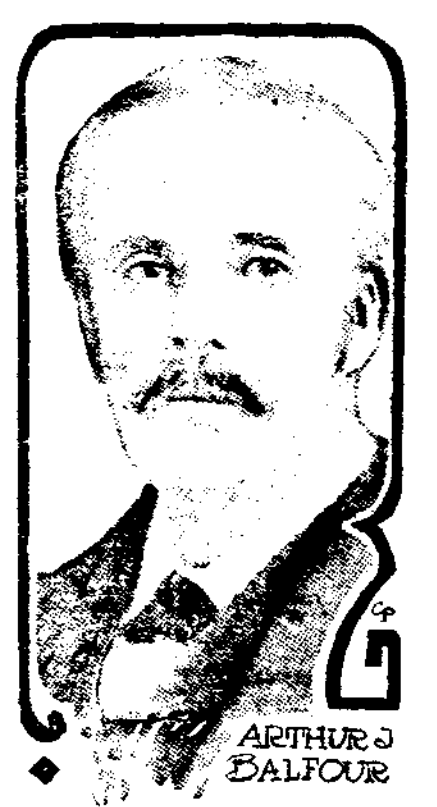

And When the Wife and Mother Entered, He Shot Her Dead. Were Living Apart.

Washington, Feb. 9.—Sympathy today caused 11-year-old Wm. Shipley to allow his father to enter the home of the wife he had deserted a year ago. The father said he was cold and ill and promised to leave before Mrs. Shipley came back. Instead, when she entered the front door he shot her dead and blew out his brains.

EMBEZZLER SAWED BARS AND ESCAPED

Marquette, O., Feb. 9.—E. A. Eppler, held for embezzlement of M. C. and C. railroad funds, escaped from the county jail last night, together with George Davis, in for burglary. He sawed the locks from his cell and Eppler dropped through an airshaft to the ground floor, which is in the county court house. From there he walked to freedom and has not been recaptured.

RICH MAN'S MAUSOLEUM IS LOOTED

One Body is Missing and Three Caskets are Wrecked

AN ABSOLUTE MYSTERY

Which May Develop Into One of the Greatest That Baffled Police of U. S.

Erie, Pa., Feb. 9.—The looting of the magnificent Scott mausoleum in Erie cemetery, discovered last night, is rapidly developing into one of the greatest mysteries ever confronting the police department in the United States. One body is missing and three caskets are wrecked. The tomb is guarded by a cordon of police today, and the city authorities are maintaining the closest secrecy regarding all angles of the affair, at the request of the millionaire members of the Scott family.

Detectives are searching for the woman who discovered the burglary. She notified the residence of Charles H. Strong, president of the Erie and Pittsburgh railway and a son-in-law of the late Congressman Wm. L. Scott, the man who built the tomb, by telephone and then she disappeared. As to her identity the police have failed to obtain the slightest clue.

Officers dispatched to the tomb found that it had been skillfully burglarized. The copper receptacles containing three caskets had been jimmied open. A fourth casket was missed altogether. The caskets containing the remains of Scott, who died about twenty years ago, and his wife were removed and opened. Just who was in the other two caskets is uncertain. Which body was taken also is not definitely known.

The police are working on three theories:

That the tomb was looted to obtain jewelry left with the bodies;

That ghouls were seeking one body especially to hold it for ransom;

That some person wanted one of the bodies on account of attachment for the person, because of family reason.

The police practically passed up the jewelry theory when they were told that nothing of great value was left with the bodies. They bent most of their energies on the second theory. They figure that ghouls might readily conceive they would get a great reward from the Scott family for the return of the corpse, on account of the great wealth and social prestige of the family's relatives. The detectives have failed to find any evidence supporting the third theory. Scott was a multi-millionaire and close adviser of President Grover Cleveland, who was one of the pall bearers who bore Scott's body to the mausoleum.

The police say the missing body is that of Mrs. Ann McCollum, formerly of Philadelphia, a sister of Scott. The thieves may have thought they had Scott's body, as they would think it would bring the highest ransom. The Buffalo police have been asked to watch for the body and cemetery of the Scott family.

UNITED STATES ARMY OFFICERS TO TAKE BIRD'S-EYE VIEW OF MEXICAN HOSTILITIES

A volunteered new biplane of the offered by R. J. Collier, which was crated and shipped to General Hoyt, commanding the department of Texas, will be used in watching the activities of the Mexican revolutionists along the Texas border and to aid the United States troops now stationed along the border. The order directing the use of the aeroplane and the detail of the officers to handle has been issued. The decision upon the part of Major General Wood, chief of staff of the army, and Brigadier General James Allen, chief signal officer of the army, followed a visit to the War Department of John Barry Ryan, commodore of the United States aeronautical reserves.

EXPLOSION OF ENGINE BLOWS TEN MEN INTO ATOMS IN TEXAS

Smithville, Texas, Feb. 9.—A monster locomotive undergoing repairs in the Smithville yards of the Missouri, Kansas and Texas railroad company, exploded late yesterday, killing ten men and injuring six. Their bodies were torn into fragments. Railroad property valued at \$30,000 was destroyed.

The locomotive had just been run from the repair shop to be tested when the explosion occurred.

A machinist at the time of the accident was attaching a safety valve. The engine was blown to atoms. Two other locomotives standing on nearby tracks were wrecked. The roundhouse was practically demolished.

The force of the explosion was felt throughout the city. Buildings at a considerable distance were shaken and officials have offered \$1000 for the arrest and conviction of the persons implicated in the tragedy. The rescue theory was being adhered to, because the family of one of the men killed the day before had been seen in the yard of the engine house, who were seen to be talking to the men who were working on the locomotive.

Stenographers transcripts	117.12
Total	\$1755.42

UNITED STATES CIRCUIT COURTS TO BE ABOLISHED

More Revision of the Statutes, Substituting "Civil War" Instead of "War of the Rebellion."

Washington, Feb. 9.—After almost a year of desultory consideration the senate yesterday passed the bill providing for the codification of the laws relating to the judiciary system of the country. In the main the bill merely re-enacts existing statutes, but it makes one important change, consisting of the consolidation of the circuit and district courts of the United States.

The circuit courts are abolished and their business transferred to the district courts. In the house the southern members succeeded last week in striking the words "War of the Rebellion" from one of the Moon bills for the codification of laws relating to the judiciary and substituting the words "Civil War," amplified that work by striking out the objectionable word "Rebellion" in several other chapters and changing the language either to "Civil War" or "To the forces and government of the Confederate states," as proper reading of the measure required.

The southern members also assisted Representative Butler of Pennsylvania, in securing an amendment to the bill by striking out the provision that any voluntary residence of any such person in any place where, at any time during such residence, the rebel force or organization held sway, shall be prima facie evidence that such person did give aid and comfort to said rebellion and to the persons engaged therein.

PRESIDENT TAFT ASKED TO ADDRESS OHIO LEGISLATURE

Columbus, Feb. 9.—President Taft is to be invited to address the general assembly upon his visit here Friday. Both houses yesterday adopted a resolution to that effect. The one in the upper branch was offered by Senator Frederick Bader, of Cincinnati, and that in the lower house by Representative W. B. Kilpatrick, of Tiffin.

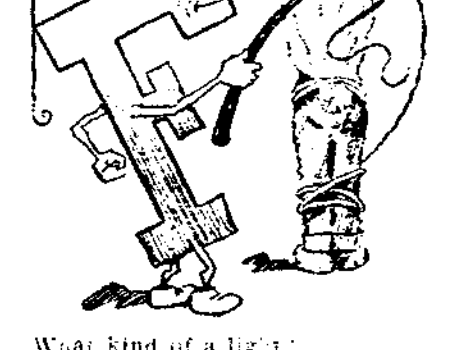

In a humorous way Kilpatrick, who is a Democrat, said that all of the members on his side of the house were in favor of the motion and he trusted that there was no opposition among the Republicans.

It is expected that the president will speak upon reciprocity with Canada.

PARTY IS TO REDEEM PLEDGES

Progressive and Reform Legislation Will Result

RECOMMEND MEASURE

Which Would Give Initiative and Referendum Powers to Ohio Cities.

Columbus, Feb. 9.—Redemption under pressure of every promise in the state platform is seen in the renewed demands for additional progressive or reform legislation.

Not satisfied with what appears to be a victory in the fight for the direct election of United States senators the progressives now are moving for the extension of the principle of the initiative and referendum, to which the party is pledged to the extent of an endorsement of that principle.

Last night an advance was made in the reporting, with recommendation for passage, of the bill of Representative Robert Crocker of Cleveland, by the committee on elections of the house of representatives. This bill provides that the initiative and referendum shall apply to all ordinances exercising any of the powers of self government which the general assembly has delegated to municipalities.

New legislation may be proposed to village and city councils upon a petition signed by 8 per cent of the electors of such municipality. If the council does not enact it within sixty days, it must be submitted to the people at a general election, unless a 15 per cent petition is presented for a special election.

The senate unanimously passed the resolution calling for the appointment of a joint committee of ten to investigate conditions at the Ohio penitentiary and the advisability of removing it to the country. Stress was laid by the prison committee on the appalling conditions in the "idle house," where 450 prisoners now have nothing to occupy their time since the prison labor contracts were done away with.

The bill of Senator Krause, providing for the councils of cities to determine dense smoke as a nuisance and providing prosecution for any offender in the courts, was passed by the senate yesterday by a vote of 19 to 11. The smoke abatement leagues and smoke inspectors of Cincinnati and Cleveland have been fighting for this bill during the past two years. The bill, which makes dense smoke a nuisance, also provides for the inspection and requirement by city authorities of the installation of smoke preventive devices in all boilers of factories and large plants.

Governor Harmon's central board of control bill for the state institutions was reported yesterday to the senate by the special committee, with recommendation for passage. By sending it to the calendar the committee exempted from its provisions the new Lima Hospital for the Criminal Insane until the institution is completed. It also exempted the Soldiers' and Sailors' Orphans' Home at Xenia.

It is not yet known how Governor Harmon will take this whittling down of his pet proposition. To bill is based upon the principles of economical administration. Last year the Lima hospital commission drew \$200 in salaries and expenses, and spent more for clerk hire. In addition there will be fees to pay the architect.

As understood, he was not consulted as to the elimination of these institutions. Last year he vetoed a board of control bill because the Republican majority had taken out of it many of the institutions. The test will come when the house will take up the duplicate bill offered by Speaker Pro Tem. Price Russell of Warren county for the joint committee on legislation appointed by the Democratic caucus.

NO AGREEMENT IS REACHED

Columbus, Feb. 9.—No agreement was reached last night by the Democratic senators, who held a caucus on the Yeunt bill for a county uniformity of text books used in the common schools. It is said that of the 16 senators present, seven were in favor of state uniformity, seven in favor of county uniformity, and two leaned toward the state unit plan. The bill is made a special order for this afternoon, but another caucus may be held before the measure is acted upon by the senate.

EXECUTION

**OF REVOLUTIONARY LEADERS IN
HAITI ORDERED BY PRES-
IDENT SIMON.**

Many Distinguished Men Marked for Death—Consult. Would Prevent More Bloodshed.

General Hayen, Haiti, Feb. 9.—The government of President Simon is dealing vigorously with the revolutionary leaders. General Millonard of the department of Vallieres, head of the revolutionary forces, and a man of great influence in the district of Tron and Vallieres, who has been much feared by every administration, was summarily executed last night. Two additional officers, of whom one was General Apollon, formerly commander of Tron, and four other revolutionaries from the same district, whose names are unknown, also were shot to death by the Hayen troops. These executions, following so closely on that of General Montreuil, Guilleme, are likely to have a deterrent effect on the uprising. President Simon now has the situation well in hand. It is reported that General Duval, at whose house a large quantity of arms and munitions was recently found, is to be shot and that other distinguished men are to share the same fate. President Simon will remain at Pigeon-Robe, 10 miles from here, where he has concentrated a considerable force. It is expected he will soon march on Tron. It is believed that the execution orders have come directly from him.

General Zavis, another of the revolutionary leaders, is under arrest, while General Clement Severe, who was captured several days ago, has been released for the purpose of spreading a confusion from him as to the other leaders in the district.

The weekly Nord-Africain, published here for Port-au-Prince, which is published for the purpose of spreading the feeling of revolt.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage, leaves and applied it to their hair with wonderful beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to buy the ready-made product. Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another of the same scale remedy. This preparation is sold by all first-class druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

SOCIETY

Mrs. A. B. Hale entertained the members of her Sunday school class of Plymouth Congregational church last evening at her home on Elmwood avenue. The evening was very pleasantly spent in various games. The members of the class are: Misses Helen Snelling, Esther Tyler, Marie Berry, Edith Nichols, Elizabeth Factor, Marguerite File, Mabel Spettie, Mary Deutsch and Lela Davis. The next social meeting will be held at the home of Miss Helen Snelling.

Mrs. I. B. Houke planned a delightful surprise for her daughter, Burdell at the home in North Fourth street Tuesday evening, the event being her birthday anniversary. Miss Houke was presented with several pretty gifts. At 10 o'clock a supper was served to about 25 guests.

Announcement is made of the engagement of Mrs. Beatrice Faust of Burt avenue of this city to Mr. Charles Linsey Banarsdale of Zanesville. The wedding will take place on February 21, at the home in Marion, Ohio, of Mrs. William Hoyerstott, who is an aunt of Mrs. Faust. After the wedding the couple will take a trip to Kentucky. Mr. Banarsdale is a representative of a haberdashery firm.

An afternoon of bridge was enjoyed on Wednesday by a number of guests at the home of Miss Anna Sprague in East Locust street. Miss Sprague honored Miss Lucille Bradley of Duluth.

The favors for the game were given Miss Bertha Latimer and Miss Anna Davis and the awards were followed by the serving of a luncheon of several courses.

The guests were: Miss Bradley, Misses Annette Besuden, Corinne Miller, Marjory Collins, Frances Collins, Mabel Jones, Louise Jones, Anne Davis, Bertha Latimer, Helen Blood,

Marian Weiland, Louise Norpell, Sarah Seymour, Ruth Hatch, Bernice Hatch, Bertha Fulton, Nellie Jones, Adelaide Jones, Mary Nichols, Mary Neal, Grace Fulton, Frances Wright, Hazel Altshool.

The Wednesday Afternoon Thimble club met at the home of Mrs. E. L. Jones in West Locust street on the club day and the club divertimento was happily participated in Luncheon was served at 5 o'clock and the members and the following guests enjoyed the spread: Mrs. W. S. Elber, Mrs. D. H. Murphy, Mrs. F. S. Wilson, Miss Grace Wilson and Mrs. C. V. Jones of Granville.

The members of the Progressive Club assembled at the home of Miss Helen Tucker in the Tucker building on East Main street, on Wednesday afternoon, and the following program was enjoyed:

"The New Thought Magazines," Mrs. Fred C. Evans.

"Industrial Magazines," Miss Mary Miller.

"Current Topics from the Independent," Mrs. Charles Wesson.

Miss Tucker's guests were Mrs. L. P. Franklin, Mrs. Judson Lewis, Mrs. Walter Scott, Mrs. Nelson Pierson, Miss Anna Worring and Miss Mable Snuckler.

Announcement cards were received by friends here today of the marriage of Miss Lottie Fay Birchfield to Mr. John W. Conter. The announcement is made by Mr. and Mrs. Fred Faber of Cleveland, the latter being a sister of the bride, with whom she made her home. The wedding was solemnized on the seventh day of February, at the home in Cleveland.

Mrs. Conter will be remembered here by a large circle of friends and

TRY A LAXATIVE COUGH-SYRUP. Make It Yourself.

If you have been going all winter with a troublesome weakening cough, without obtaining relief or cure from the numerous old time out of date cough mixtures, then you should try making at home a cough syrup that has a laxative cleansing and tonic action.

Essence Mentho-Laxene when made into a syrup quickly relieves the most chronic coughs and colds on the lungs of old or young, and not only that, but it has a most decided curative action, so that almost any chronic case may be cured in a week or two. Buy of your druggist a 1-2 ounce package of essence mentho-laxene, containing full directions for making a pint of laxative cough syrup very easily at home.

You make a syrup of granulated sugar. Here is the formula:

Essence mentho-laxene 1-2 ozs.
Granulated sugar syrup 13 1-2 ozs.

It makes the sorest cough remedy known for old people, and children like it so well, too.

It not only quickly loosens the tightest cough, but it drives the cold out of the system and cures by its tonic and laxative action.

You can save \$2 to \$4 by making it at home cheaply, as a pint lasts a family a long time.

acquaintances, she being for three seasons head trimmer at the Kear millinery parlors. The cards read that Mr. and Mrs. Conter will be at home after February 15 at the Hart apartments, 181 Clifford street, Detroit.

About thirty employees of the street railway and their friends went to Newark Monday night, where they attended a ball given by the Newark branch of the O. E. Beneficial association. The affair was most pleasant, and all of the local contingent enjoyed themselves hugely. The company furnished free transportation in a special car. The Newark members will attend a dance by the local association to be given February 22, at Woodmen hall, Zanesville Times-Recorder.

The members of the Ena Non club and their friends enjoyed a delightful dance at Assembly hall on Wednesday evening. A lunch was served during the evening.

In one of the Coshocton exchanges yesterday a number of crisp and up to date fashion notes appear. These are published under the direction of Miss D. Grace Sprague of this city. Miss Sprague has just returned from an inspection of the shops of New York city.

Mrs. W. M. Baldwin entertained a few guests informally on Wednesday evening with a dinner at the Sherwood Hotel. Covers were laid for six.

Invitations reading as follows have been issued:

Mrs. David Thompson
Miss Catherine Weisgerber
at Home
Wednesday Afternoon, February 15, 1911.
Duchre.

Cards reading the same were also issued by the hostesses for Friday afternoon of the same week for their home in North Sixth street.

Mr. William Broome, secretary of the Citizens' Building and Loan Association, banqueted the directors of the company at the Kuster cafe on Wednesday evening. Mr. Broome's guests assembled at 8 o'clock at the cafe and Caterer J. S. Kuster, Jr., had prepared an elaborate spread. The menu was made up of eight courses and the table appointments and the cuisine were most complete. Following the banquet a season of interesting little after dinner talks were given by Mr. T. B. Fulton. Mr. William Broome, Mr. Julius McNamar and Mr. Herbert Harris. Covers were laid for twelve people and the affair was most enjoyable.

Mrs. Charles Hillier entertained with an afternoon thimble party on Wednesday at her home in West Church street. At 5 o'clock a delicious luncheon was served the guests.

Those enjoying Mrs. Hillier's hospitality were: Mrs. Everett Erick of McConnellville, Mrs. Jessie Hatch, Mrs. Frank Howard, Mrs. Kate Kammerer, Mr. Walter Harrison, Mrs. Edward S. Franklin, Mrs. Fred Taafel and Mrs. George Tabler.

BLACK AND WHITE, THE WINTER FAD.

Black velvet for afternoons, with posies in the corsage, is the uniform of the smart woman now.

In the evening the costume will very likely be black and white also, though various materials may be combined.

This restaurant dinner gown with scarf and muff for carriage or taxicab wear, is all in black and white tones.

The gown is of chiffon over black satin, the chiffon being embroidered with the new tiny white china beads and trimmed with fringe made of these beads mixed with jet.

The scarf and muff are of white chiffon and white fox fur with a trimming of ermine tails.

The huge picture hat, entirely hiding the eyes from a front view, is of white satin and feathers.

of flour, sufficient Indian meal to make a thick drop batter. Melt the butter, mix all the ingredients except the soda together, and beat hard for ten minutes. Add the soda dissolved in a tablespoonful of hot water, beat for a moment longer, pour into a buttered pan of such size that the mixture will not be much more than an inch thick and bake slowly in a moderate oven. Serve hot, breaking into squares.

Carrot Pudding: Boil some large carrots without scapings. When tender peel and press through a sieve sufficient to give one cupful and a half of pulp. To this add one cupful of fine stale bread crumbs, one cupful of flour, a half teaspoonful of salt, a scant cupful of chopped suet, a cupful of seeded raisins, a cupful of sugar, a tablespoonful of cinnamon and a tablespoonful of sherry. Turn into a buttered mold, cover and boil for three hours. Serve with either a hard or soft sauce.

HEART and HOME TALKS

Confessions of a Young Housekeeper

by Barbara Boyd

Misdirected Kindness.

SEEMS to me there is a lot of misdirected kindness in the world. I certainly appreciate kindness. It is a beautiful thing. But I must say I do not always appreciate the results of kindness. They are not always beautiful. It is a pity that a thing so lovely in itself should produce such warped offspring. It is simply because some people whose hearts bubble over with kindness have heads bubbling over with obstinacy or bossiness, or to put it more politely, too much individualism. They do not want any individualism to crop out in others. They believe in it for themselves but it is an unpleasant quality in somebody else. So though they may have all the kindness in the world, while this opinion rules their headworks, their kindness is apt to be misdirected.

I wanted some shelves put up. Papa-in-law offered to come and put them up, having heard me remark that I never could hit a nail or make any impression upon a screw. I thought this was lovely in him, for he is a farmer and knows all sorts of things, and I meditated getting various odd jobs done which I felt sure he would know exactly how to do.

When he arrived, he announced that I hadn't any tools suitable, and forthwith went and bought various saws and hammers and chisels and screw drivers and other complicated-looking things. I regarded this somewhat dubiously for I didn't ever expect to go into the carpenter business. Still I consoled myself with the thought that if I had hired a man to do the work he would have charged me as much as the tools cost, and not done anything the way I wanted it.

I wanted a shelf over the kitchen sink, but papa-in-law waved the suggestion aside and said, "No, you don't want it there. It will be in the way of washing dishes." I didn't see it. But he paid no attention to me, mounted a step ladder and fell to work. How he expected me to reach a shelf up there, I do not know.

"Hand me the hammer, Barbara." "Get me some nails, too. And I need a 12-inch screw," or something of the kind, was the way the orders flew. I scurried around and handed him up what seemed to me a hardware shop, while the pie burned and the baby fell down the front steps. As I took the blackened pie from the oven, I could hear him thinking, "My wife never burns her pies, but of course—"

The shelves I wanted in the kitchen cupboard he insisted upon putting in the cellar, where I shall bump my head on them every time I go down cellar. The one I desired in the bathroom he put in the hall outside the bathroom door. "Far more convenient," he insisted. He rehung most of the pictures and entirely rearranged the plates in the plate-rack. He saved and hammered and pounded merrily, scattered shavings and sawdust all over the house, and was so satisfied when he was done and so sure he had helped me so much that, of course, I couldn't say much, especially as he is papa-in-law.

His kindness is all right. He has a great big heart. But he can't see any way but his own way, which shows his eyesight is defective, and thus his kindness, so beautiful in itself, is misdirected. And the worst of it, he never knows it. He says he is coming again to do some little jobs for me. But he won't if I know it. I'll take his intention for the deed and quietly sidetrack any further efforts on his part in my behalf.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery
prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

SUPREME COURT HEARS ARGUMENT OF ATTORNEYS

IN CASE IN WHICH NEWARK PARTIES AND ESTATES ARE IN LITIGATION.

Col. C. H. Kibler, After 61 Years Practice Appears in Case—Other News of Various Courts.

The case of the estate of Virgil Wright and Jerome A. Kibler against Ed Doe was argued in the Supreme Court at Newark Thursday, and involves a large sum of money which Kibler contributed to a good many years ago for the purchase of coal lands in Athens county. The Common Pleas Court decided the case against Kibler, the Circuit Court decided in favor of Mr. Doe and the two estates are prosecuting error in the Supreme Court to reverse the judgment of the Circuit Court.

The two estates were represented by Frederick Jones and Carl Norpell, while Kibler's attorneys were E. P. McDonald and Col. Charles H. Kibler. Although Col. Kibler was admitted to the bar 61 years ago, his argument in court Thursday showed him to have full measure of his mental and physical powers, and old time ability.

In Common Pleas Court.

In the case of Emory H. Wright vs. The Logan Natural Gas and Fuel Co., the jurors, after deliberating upon a verdict until late Wednesday night, were unable to agree upon a verdict. They were discharged by the court from further consideration of the case, and the suit was continued to the April term of court. Kibler & Kibler for the plaintiff and Douglass and Fitzgibbons for the defendants. Plaintiff sued for gas well rental under contract with the company.

State of Ohio vs. Lewis Hannom, plea of guilty of assault and battery; fined \$25 and costs and 20 days in jail. On Thursday morning the court and jury took up the trial of the case of Edward Crawford et al. vs. Geo. Kirk. Plaintiff asks damages in the sum of \$10,000, which he says he sustained by reason of a fire which he claims was started by defendant, and which was communicated to plaintiff's premises.

Judge Nicholas of Coshocton will hold the civil branch of the court here next week. The next two weeks Judge Devor of Ashland will preside. Judge Seward will preside at the trial of the case of the State of Ohio vs. Oliver Timmons, charged with murder in the first degree, in the murder of Carl Etherington.

In Probate Court.

The case of the State of Ohio against J. W. Louth was heard in the Probate Court Thursday. Louth is a school teacher in Alexandria, and is charged with a whipping a child of Henry C. Pickens. Attorney B. G. Smythe represented the prosecution and Charles W. Montgomery the defense.

RAILWAY AFFAIRS

The quadrennial weighing of the mail on the railroads will be begun in the near future. It is quite probable that it will begin about Feb. 15 and continue for a period of thirty days. The mail will be weighed very carefully at this time, as the amount of mail carried will determine the basis for the payment of the railroads for hauling the mails during the next four years.

The management of the B. & O. railroad is highly encouraged by the marked interest shown by the farmers living along its lines in eastern Ohio in which section of the state an agricultural train was operated last week, through the co-operation of the department of agriculture of the Ohio State University.

The report was in circulation here Wednesday among railroad men that the tower operator who gave the derail to Baltimore and Ohio train No. 102 Sunday, near Cincinnati, which caused the accident in which engineer John Callahan lost his life, had been held and that he was being held for investigation.

EASY CHANGE

When Coffee is Doing Harm.

A lady writes from the land of cotton of the results of four years' use of the food beverage—Postum.

"Ever since I can remember, I have had coffee three times a day. It has a more or less injurious effect upon us all, and I myself suffered almost death from indigestion and nervousness caused by it."

"I know it was that, because when I would leave it off for a few days I would feel better. But it was hard to give it up, even though I realized how harmful it was to me."

"At last I found a perfectly easy way to make the change. Four years ago I abandoned the coffee habit and began to drink Postum. And I also influenced the rest of my family to do the same. Even the children are allowed to drink it, as they do water. And it has done us all great good."

"I no longer suffer from indigestion, and my nerves are so admirable since I began to use Postum. We never use the old coffee any more."

"We appreciate Postum as a delightful and healthful beverage, that not only invigorates but supplies the best of nourishment as well." Name given by Postum Co., Little Creek, Mich.

DRESDEN TEACHERS ARE VISITING THE NEWARK SCHOOLS

A large delegation of teachers in the public schools of Dresden are in the city today, the guests of the local schools. The party includes the high school corps and all of the grade teachers accompanied by the superintendent. The day was declared a holiday for the scholars of Dresden and the visiting instructors are making a thorough inspection of the Newark schools, which have throughout the state a reputation of ranking among the best. The party is being shown over the city by Superintendent J. D. Simpkins and the party lunched at the Warden today.

ECZEMA CURE A BEAUTY WASH.

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash and all similar skin affections.

For this reason alone a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

BRISTOW

INSURGENT LEADER FROM KANSAS DEFENDS POPULAR CHOICE OF SENATORS.

And Says Greed and Power of the Interests Are "Menace to Our Country's Future."

Washington, Feb. 9.—Increasing greed and power of the interests makes imperative the popular election of senators, according to Senator Bristow of Kansas. In a speech today he said the constitutional election by an electoral college in the case of the president was a failure and the president is now elected practically by the people. Delays in election, deadlocks and loss of representation occur under the present senatorial election system, he said.

And the corruption and bribery in these elections has increased, as the commercial interests have grown. In opposition to the cry that popular elections will make the office of senator subject to the will of the mob, he said he is not afraid of the American people, and the menace of our country's future is for the mob, but the greed and avarice of men who seek to control legislation for personal gain.

Washington, Feb. 9.—Senator Bristow of Indiana supported the Canadian treaty at length in the senate today, and denied that it would hurt the farmer. He pointed to our present exportation of wheat without reciprocity, and said the cattle would help the farmer, as they would have to be corn fed after they got here.

BRAVE WOMAN SAVED FAMILY THEN OTHERS

Chicago, Feb. 9.—More than 100 men and women, residents of the Stanley Terrace apartments, clamored down fire escapes in their night clothes early today and fled from the show and zero weather for safety when a fire was discovered in the building. Many women, too frightened to move, were taken off the third floor fire escape by firemen. That there were no lives lost, the firemen declared, was due to the bravery of Mrs. Anna Monahan, awakened by the smoke. Mrs. Monahan called her two children to safety, awakened her husband and took them through the halls of the building, spreading the alarm.

Daddy's Bedtime Story—The Swallow's Adventure

"Thank You For Taking Care of Me"

ONCE upon a time," said daddy, "there was a mamma swallow which had her nest in a big rock near the seashore. In the nest she had four little ones which were always hungry and calling on their mother to bring them food. You may be sure it kept her busy supplying their needs.

"One day it was very windy, and just as the mother swallow flew around a corner of the big rock looking for flies for her little ones a gust of wind caught her and carried her far out to sea until she struck against the mast of a ship sailing out. The blow stunned her, and she fell into a fold of a sail. There she lay for quite a time until the sailors began to hoist sail. The motion of the sail woke her, and she flew out, rested, but came in one of her wings from the blow she had received in striking against the mast.

"Far, far away the swallow could see the shore, and as she thought of her little ones waiting in the nest for their mother to return with something to eat it made her heart ache, and she began to fly as swiftly as she could.

"But it was a long distance for a swallow to fly. She was not a sea bird, you see, so she could not rest on the water like the gulls and other birds with webbed feet. She could only keep on flying and hope that she could reach the shore before she became tired out.

"After a time she saw ahead of her a large ship bound toward land. 'Oh,' said the poor, tired bird to herself, 'if I could only reach that ship perhaps it would take me back to my home with my poor little ones! They must be very hungry by this time!'

"On board the ship was a little boy who watched the bird flying toward him. He felt very sorry for her and said to himself, 'If that bird lights on this ship I shall be kind to it and get something to eat for it. It must be hungry flying so far from land.' Soon afterward the bird, tired out and unable to fly any longer, fell on the deck of the ship. She was not hurt by the fall and was picked up by the boy. He took care of it very well and fed it carefully until the ship neared land. Then he took the little bird to the bow of the ship and set it free, saying:

"Go home, birdie. I am sure you must have a nest near by with little ones anxious to see you again."

"The bird, which was now quite rested from its long trip, flew around and around three or four times above the boy's head, as if to say, 'Thank you for taking care of me,' and then flew to shore. Luckily it was near the big rock, and the mother bird found her four little ones hungry and crying for food, but otherwise quite well."

WASHINGTON. No glided dome swells from the bowly roof to catch the morning or evening beam, but the love and gratitude of united America settle upon it in one eternal sunshine. From beneath the humble roof went forth the bravest and unselfish warrior, the martyr who knew no glory but his country's good. To that he returned, happiest when his work was done. There he lived in noble simplicity; there he died in glory and peace. While it stands the latest generations of the grateful children of America will make this pilgrimage to it as to a shrine, and when it shall fall, if fall it must, the memory and the name of Washington shall shed an eternal glory on the spot. —Edward Everett.

HOW TO STOP PIMPLES

In Five Days You Can Get Rid of All Skin Eruptions by the New Calcium Sulphide Wafers.

Trial Package to Prove it Sent Free.

Any man or woman gets awfully tired going around with a pimply face day after day. And other people get awfully tired, too, seeing them go around with faces full of disgusting pimples.

If you are one of the unfortunates who can't get away from your pimples, and you have tried almost everything under heaven to get rid of them, take a few of Stuart's Calcium Wafers every day. Do that steadily for a few days, and in less than a week look at yourself in the mirror.

You will then say that Stuart's Calcium Wafers are a wonder in getting rid of the eruptions. These wonderful little workers contain the most effective blood purifier ever discovered, calcium sulphide.

No matter what your trouble is, whether pimples, blotches, blackheads, rash, tetter, eczema or scabbiness, you can solemnly depend upon Stuart's Calcium Wafers as never-failing.

Stuart's Calcium Wafers have cured boils in three days and the worst cases of skin diseases in a week. Every particle of impurity is driven out of your system completely, never to return, and it is done without deranging your system in the slightest.

Most treatments for the blood and for skin eruptions are miserably slow in their results, and besides, many of them are poisonous. Stuart's Calcium Wafers contain no poison or drug of any kind; they are absolutely harmless, and yet do work which cannot fail to surprise you.

Don't go around with a humiliating, disgusting mass of pimples and blackheads on your face. A face covered over with these disgusting things makes people turn away from you, and breeds failure in your life work. Stop it. Read what an Iowa man said when he woke up one morning and found he had a new face.

"By George, I never saw anything like it. There I've been for three years trying to get rid of pimples and blackheads, and guess I used everything under the sun. I used your Calcium Wafers for just seven days. This morning every blessed pimple is gone and I can't find a blackhead. I could write you a volume of thanks. I am so grateful to you."

Just send us your name and address in full today, and we will send you a trial package of Stuart's Calcium Wafers, free to test. After you have tried the sample and been convinced that all we say is true, you will go to your nearest druggist and get a 50c box and be cured of your facial trouble. They are in tablet form and no trouble whatever as usual, and there you are—cured and happy.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

LAST MEETING OF LOCAL W. C. T. U. IN OLD CHURCH

The W. C. T. U. met as usual in the parlors of the old First M. E. church for the last time. Much feeling was expressed by all who were present as to the good all had experienced in the old church, and regrets that it would be the last meeting held there. After a devotional service, which was led by Mrs. Pratt, and the business part of the meeting disposed of, it was decided to meet next time in the rest room. The meeting hour has been changed from 2 o'clock to 2:30 o'clock. At the last meeting one new member was received.
